A WORD ABOUT OUR IRIS KAEMPFERI

More popular every day as the "Modern Orchid of the Garden."

This presentation is made up of the wonderfully practical assortment that has been developed here at the Joseph F. Martin Co. They are admitted to be the most popular group offered today, and consequently you may be sure that these are the varieties that will do the most for you. The plants awaiting your order are generous and will produce fine flowers for you in their first flowering season. They will develop into clumps that increase threefold for your sales next season. Plant them from August 15 on.

## HEMEROCALLIS

From May through August the Hemerocallis demonstrate a show so bright it defies any attempt to describe it. Use them for a striking display in plantings or for cutting, a purpose to which they are suited so magnificently, particularly in August when fine flowers are somewhat scarce. We believe you will find an investment in these Hemerocallis profitable. We offer young, vital roots ready for planting now.

AURANTIACA - orange tube, stamens bright yellow.	1.00	7.00
DUMORTIERI - rich cadmium yellow, bronzy yellow reverse.	1.00	7.00
FLAVA - sweet scented clear full yellow.	1.00	7.00
